President's Message

Dear Sisters and Brothers,

Welcome back to a start of a new school year.

2017-2018 is shaping up to be a year of changes with more teachers and classrooms opening up, a new Government, and a new curriculum should make for some challenging times ahead. Let us work together and do our best to get through this with our heads held high.

As I mentioned early, there is a new Government in BC! I truly hope they live up to their commitment and increase funding in the K-12 system. I would like to see some of our jobs return that were so mistakenly cut due to the previous governments underfunding of the education system. Your executive will work with CUPE BC and other K-12 locals in lobbying our new Government to ensure that they take the necessary steps in restoring a properly funded K-12 public education system.

In closing, your executive and I wish to thank all of the support workers for getting our schools ready for this school year. The hard work you did this summer was amazing and you should be proud of your achievements.

In solidarity,

Rob Zver, President
